

User Manual for ZipBike

1. Install the APK for ZipBike.

2. This is the landing page of the app.

To initiate booking click on the RIDE button

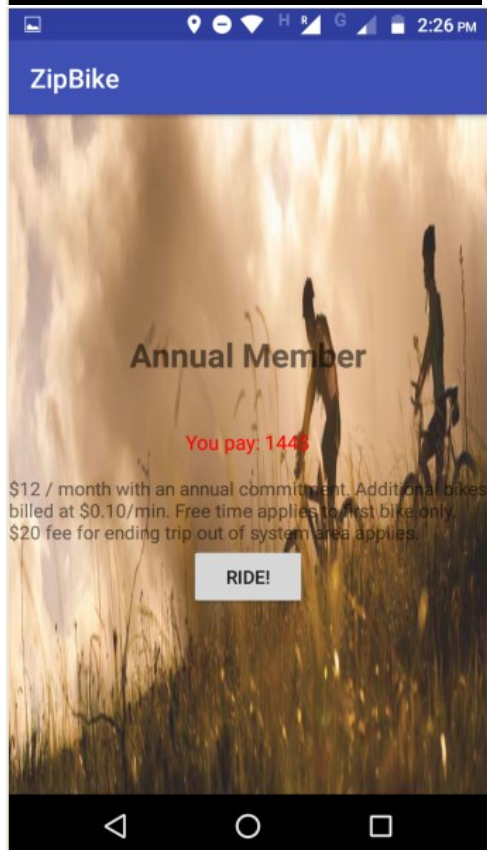

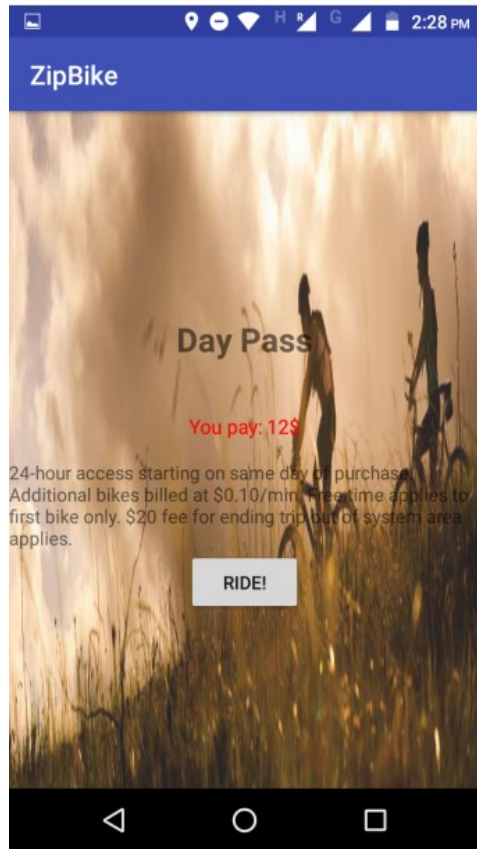

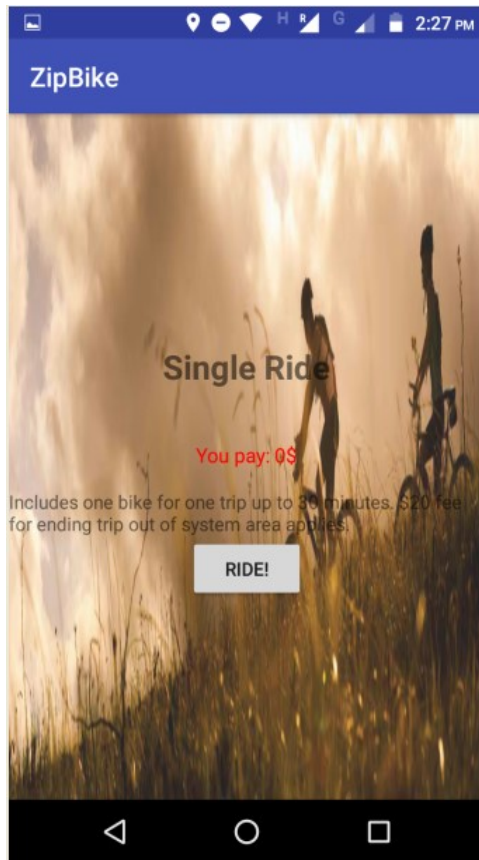

3. After clicking on the RIDE button, we will reach to this page, where we have 3 available options.
- Pricing Plans (to see the available price plans).
 - Find me a bike station (to get 4 nearest bike hubs).
 - Free bikes by station (to see the available bikes).

On clicking Pricing Plans:

4. On Clicking the Pricing Information Button
you can see a list view with all the available pricing plans and clicking on any of the plan will lead you to another activity showing the price and a short description about the plan (shown on the next page).

5. User can select any of the above plans.

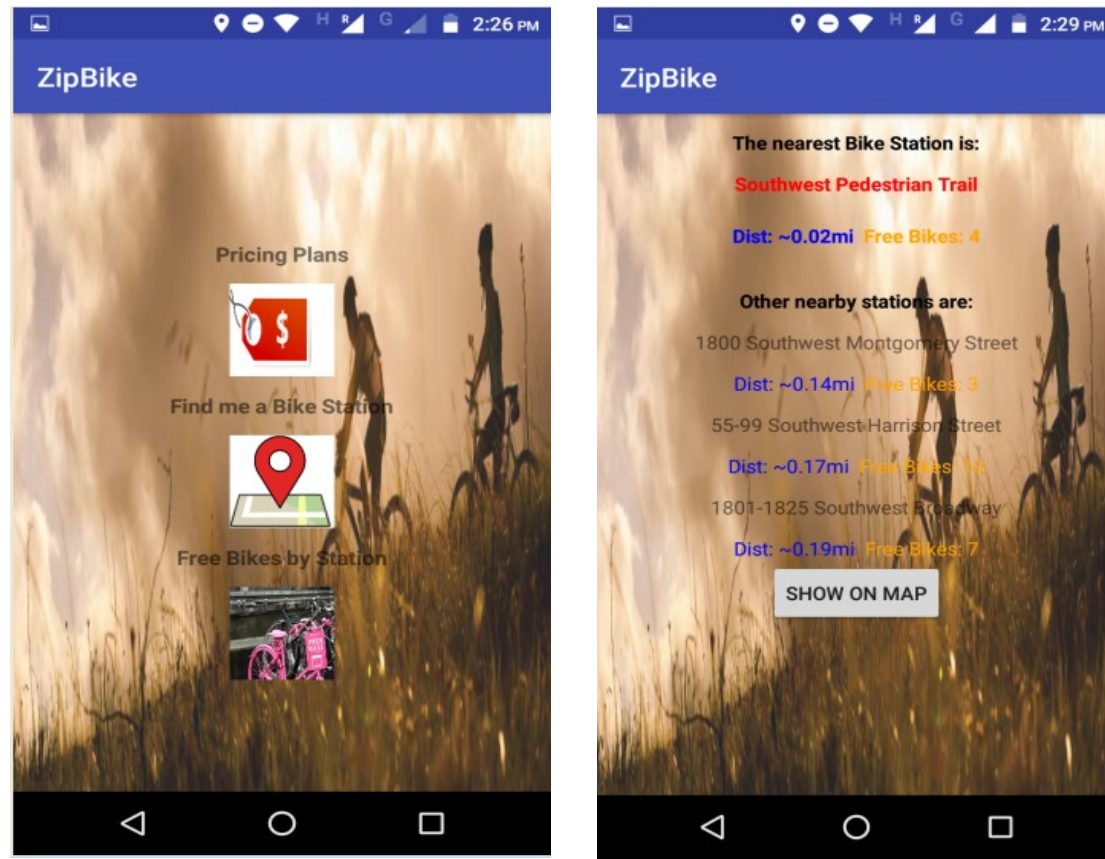

On clicking the “Ride” button, the user is redirected to a webpage to sign up and ride.

The screenshot shows a mobile web browser interface for the BikeTown website. The address bar displays the URL `://widget.socialbicycles.com/`. At the top, there is a language selector set to "ENGLISH". Below this, the heading "SIGN UP TO RIDE" is visible, accompanied by the "BIKETOWN" logo. A progress indicator shows four steps: "1 Account", "2 PIN", "3 Terms", and "4 Payment", with "Account" being the current step. The form contains four input fields: "FIRST NAME:", "LAST NAME:", "EMAIL ADDRESS:", and "ACCOUNT PASSWORD:". The bottom of the screen shows the standard Android navigation bar with back, home, and recent apps buttons.

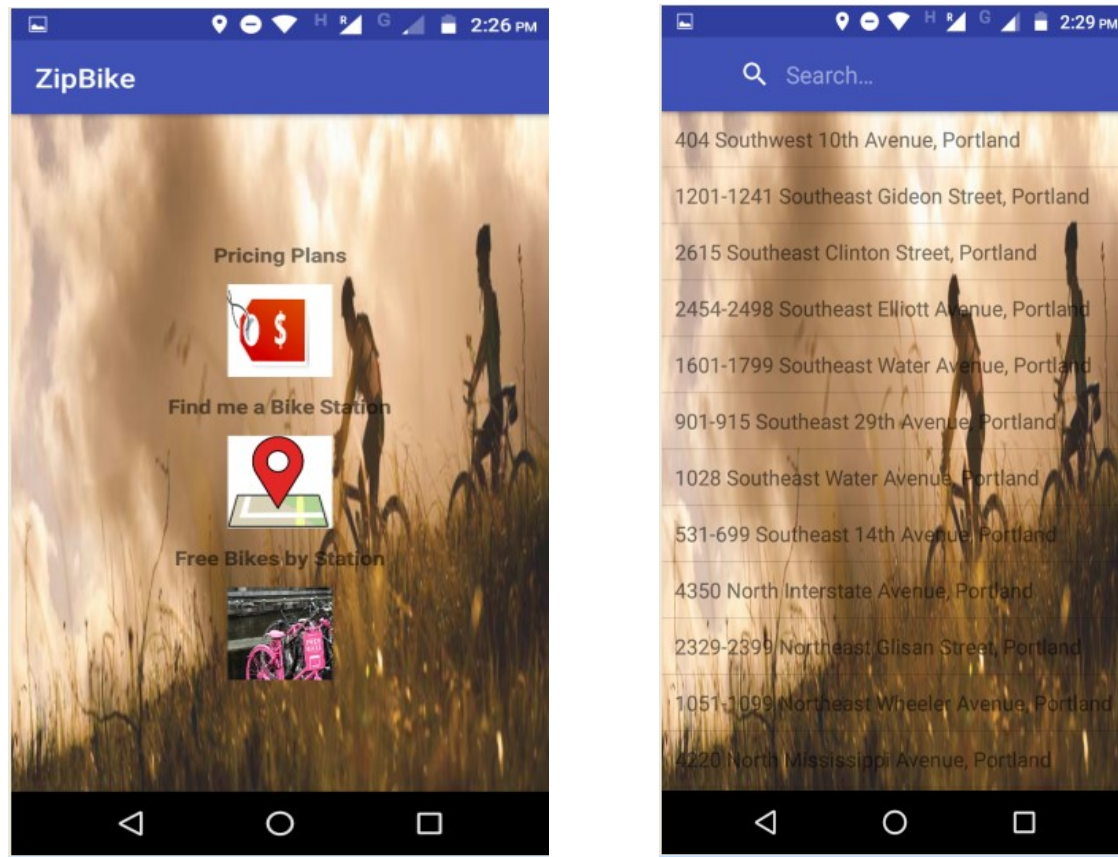

6. On clicking on the RIDE button from any of the previous shown pages, you will be redirected to this BikeTown page to Sign Up and book the bike.

On clicking Find me a Bike Station :

7. On clicking Find me Bike station
the user can see the 4 nearest bike stations based on the current location. It also shows the distance to that location and the number of bikes available at that location.
8. On clicking on “Show On Map” button, it will take us to Google map and we can see the directions

On clicking Free Bikes by Station :

9. On clicking on the “Free Bikes by Station” button, the user sees a list view with all the station addresses and then on clicking on any of the addresses, the user can see the number of available bikes at each location.
